REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Instant claim 11 requires the step of checking the final assembled constant velocity joint by trying to retract the constant velocity joint. As applicant has pointed out in their comments, this test is ineffective on a setup with an interference fit on the splines. This limitation defines over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
